5	HOTEL HEALTH EMPLOYEE	0532 667 53 21

If the guest requests a COVID 19 test, the COVID 19 test is paid for 30 Euros at the airports or the contracted hospital of the accommodation facility, and 110 Turkish lira at the test centers.

If the organization to be tested has working hours, the content of the test, its duration and the test result, if your country has to have a covid-19 test on the return, it is necessary to have a test 48 hours before the trip to avoid delays or the intensity that may be experienced.

If the test result is positive, it is necessary to immediately inform the management of the accommodation facility and the information units at the airports.

In the event that a test is requested by the guest, the above information has been read and accepted.

If guests want to have a test, they can access their name information from the Ministry of Health authorized diagnostic laboratories via the link below or via the QR Code. In addition, in case of guest request, they can have a test from the private health institution contracted by our facility.
